

UNITEDHEALTH GROUP®

The Healthy Savings Program® will make healthy food more affordable by helping eligible employees save money when they buy featured healthy groceries each week at participating grocers.

Who is eligible?

Employees enrolled in an eligible medical plan who live in Illinois, Maryland, Minnesota, New Jersey, New York, Virginia, Wisconsin or Washington, D.C., and whose home address is within 30 miles of a participating grocer.

The Healthy Savings program is expected to be rolled out nationally in a phased manner throughout 2019 as the list of participating grocery stores continues to grow. We do not have specific dates for when this program will be expanded to additional states. You will receive a Healthy Savings card in the mail when the program expands to your area.

Eligible plans include: HSA-eligible Plans, Accountable Care Plan, Doctors Plan, Fairview Primary Care Plan, Kelsey-Seybold Primary Care Plan, Primary Care Plan, Premium Physician Plan and WellMed 1st Tier.

When will I receive my Healthy Savings card?

Employees will receive a Healthy Savings card in the mail during the month after they become eligible for the program.

How do I get started using the program?

Once you receive your card in the mail, go to HealthySavingsUHC.com and enter the required information to activate your account on the [registration](#) page. You must register your card prior to accessing Healthy Savings discounts at the store. Each week the card will be pre-loaded with available savings on featured healthy foods at participating grocery stores.

How do I find participating grocers near me?

You can search by ZIP code to find the stores nearest you on the Healthy Savings [Stores](#) page.

Can I get additional savings cards for other members of my household?

Only one Healthy Savings card is available per household. However, other members of your household can download the Healthy Savings app from the Apple® App Store® or Google Play™ to receive weekly savings updates.

What if there are not any stores near me that participate in the program?

Eligible employees living within a 30-mile radius of a participating grocery store will receive a card in the mail. If you do not have convenient access to a participating grocer, we encourage you to keep the card for future use as new retailers are regularly added and one may be near you in the future.

Will I be taxed on this benefit?

No, discounts received through the Healthy Savings program on grocery purchases are not taxable.
